

PUBLIC NOTICE

CITY OF BELLEFONTAINE NEIGHBORS, MISSOURI SPECIAL MEETING OF THE BOARD OF ALDERPERSONS VIA VIDEO/TELECONFERENCE THURSDAY, MAY 28, 2020 6:00 P.M.

Notice is hereby given that the City of Bellefontaine Neighbors (“City”) will hold a special Board of Alderpersons meeting on Thursday, May 28, 2020, 6:00 p.m. via video/teleconference.

In view of the COVID-19 pandemic, and the Federal, State, County, and City Emergency Declarations, and in accordance with the provisions of Sec. 610.020, RSMo., the City acknowledges that it would be dangerous and impractical, if not impossible, for this meeting to be physically accessible to the public. The City also recognizes the need for the public’s business to be attended to in order to protect the public health, safety, and welfare. In order to balance the need for both continuity of government and protection of the health and safety of our residents, business persons and employees, this meeting of the Board of Alderpersons will not be open to public attendance in person. **THE MEETING WILL BE ACCESSIBLE BY THE PUBLIC IN REAL TIME ONLY BY A VIDEO/TELEPHONE CONFERENCE CALL VIA ZOOM. THE INSTRUCTIONS TO JOIN ARE BELOW:**

To Join the meeting by via website:

- (1) Go to Zoom at <https://zoom.us>**
- (2) Select Join a Meeting**
- (3) Enter Meeting ID: 825 620 8214**
- (4) Enter Password: 4i85eK**

To Join the meeting by phone call (audio):

- (1) Call 1 312 626 6799 US (Chicago)
1 646 558 8656 US (New York)**
- (2) Enter Meeting ID: 825 620 8214**
- (3) When prompted, enter the Pass Code 452739**

THE AGENDA FOR THIS BOARD MEETING IS SET FORTH HEREIN.

Instruction for providing public comments: Persons interested in making their views known on any matter will be able to speak during the video/teleconference meeting under “Public Comments.” In addition, anyone may send an email with their comments to the City Clerk at FStevens@cityofbn.com by no later than Wednesday, May 27, 2020 by 12:00 p.m. All comments received by email will be entered into the public record and publicly read as time allows. All emailed comments will also be distributed to the entire Board at or before the meeting. Thank you for your understanding and patience as we all try to get through these unprecedented times.

**SPECIAL BOARD MEETING
THURSDAY – MAY 28, 2020 -6:00PM**

**BELLEFONTAINE NEIGHBORS MAYOR AND BOARD OF ALDERPERSONS
WILL CONVENE FOR THE ABOVE REFERENCED MEETING
VIA ZOOM.**

AGENDA

CALL MEETING TO ORDER

ROLL CALL

APPROVAL OF AGENDA

NEW BUSINESS

The meeting is being held to ask the BOA board to approve for our recreation center parking lot to be utilized as a COVID-19 Testing Center, Monday through Saturday from 10:00 AM - 1:00 PM in the month of June.

In addition to approving the city to spend \$45,000 to purchase PPE supplies; 40,000 mask and 25,000 - 6 ounce bottles of hand sanitizers.

These supplies will be given to each person who gets tested and any others who would come.

Opening remarks; Mayor Tommie Pierson, Sr.

Reason for the meeting; Alderwoman Dinah Tatman.

Questions from the BOA board.

Presentations from representatives from:

1. SIMMCO
2. HomeDocs
3. Health & Wellness Center
4. Luster Products

Q&A from Citizens

Adjournment

Coronavirus Relief Fund
Guidance for State, Territorial, Local, and Tribal Governments
April 22, 2020

The purpose of this document is to provide guidance to recipients of the funding available under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act established the Coronavirus Relief Fund (the “Fund”) and appropriated \$150 billion to the Fund. Under the CARES Act, the Fund is to be used to make payments for specified uses to States and certain local governments; the District of Columbia and U.S. Territories (consisting of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and Tribal governments.

The CARES Act provides that payments from the Fund may only be used to cover costs that—

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.¹

The guidance that follows sets forth the Department of the Treasury’s interpretation of these limitations on the permissible use of Fund payments.

Necessary expenditures incurred due to the public health emergency

The requirement that expenditures be incurred “due to” the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments.

The statute also specifies that expenditures using Fund payments must be “necessary.” The Department of the Treasury understands this term broadly to mean that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.

Costs not accounted for in the budget most recently approved as of March 27, 2020

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget *or* (b) the cost

¹ See Section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.

is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

The “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020

A cost is “incurred” when the responsible unit of government has expended funds to cover the cost.

Nonexclusive examples of eligible expenditures

Eligible expenditures include, but are not limited to, payment for:

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by State, territorial, local, and Tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, *e.g.*, nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a State, territorial, local, or Tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

Nonexclusive examples of ineligible expenditures²

The following is a list of examples of costs that would *not* be eligible expenditures of payments from the Fund.

1. Expenses for the State share of Medicaid.³
2. Damages covered by insurance.
3. Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

² In addition, pursuant to section 5001(b) of the CARES Act, payments from the Fund may not be expended for an elective abortion or on research in which a human embryo is destroyed, discarded, or knowingly subjected to risk of injury or death. The prohibition on payment for abortions does not apply to an abortion if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed. Furthermore, no government which receives payments from the Fund may discriminate against a health care entity on the basis that the entity does not provide, pay for, provide coverage of, or refer for abortions.

³ See 42 C.F.R. § 433.51 and 45 C.F.R. § 75.306.

4. Expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds.
5. Reimbursement to donors for donated items or services.
6. Workforce bonuses other than hazard pay or overtime.
7. Severance pay.
8. Legal settlements.
