

PUBLIC SAFETY COMMITTEE
MEETING
FEBRUARY 28, 2013

Chairman Ed Meier called the meeting to order at 6:32 pm.

Present were: Anne Minley, Al Chamberlin, Jeff Lofton, Larry Fuller, Doug Chambers, Jim Christian, Chairman Ed Meier, Alderman Audrey Hollis, Alderman Shirley Paro and guest Juanita Best.

First business, Ed said everywhere he looked people were abiding by the snow routes. He also thanked the street department for the good job they did during the snow.

Juanita Best asked the board to look at some pictures, she had taken, of the parked cars on Delaird and asked if the board would recommend "NO PARKING" on the south side of the street from Bellefontaine to Melanie. The Board reviewed the pictures and discussed the matter, and decided that it is a hazard. A vote was taken and we are recommending to the Board of Aldermen to put "NO PARKING" signs on the south side of Delaird from Bellefontaine to Melanie.

Alderman Shirley Paro brought up almost the same situation on Hayward between Chambers and Science Hill. The problem there is half of Hayward is in Riverview. The only way we could ask for "NO PARKING" is to have Riverview introduce an ordinance that would comply with ours. We would like Mayor Doerr to write a letter to the Mayor in Riverview and ask them to cooperate with us. This has become a very dangerous intersection.

The meeting was adjourned at 7:05 pm.

The next meeting will be March 28, 2013.

Respectfully Submitted

Larry Fuller, Secretary
